ABOUT ME

Passionate web developer with expertise in creating dynamic and user-friendly websites. Proficient in JavaScript, with intermediate knowledge of C, PYTHON and Java, and a solid understanding of modern web development practices. Skilled in delivering efficient and innovative solutions while maintaining a focus on user experience and functionality. Committed to continuous learning and adaptable to new challenges, with the determination to acquire and apply new skills as needed.

PROJECTS

EnviroVista

It's a gamified platform which gives the user some tasks and rewards them for performing it. The user can use the rewarded coins for applying discount in the app's built-in store.

Role: Front-end Developer.

ProjeCure

ProjeCure is a data-driven website which uses the past data on various chronic diseases like lung cancer to notify the user that they might have a certain disease and suggests them to take a test on that.

Role: Front-end Developer.

Key Contributions

Responsive Design:
Developed fully responsive layouts ensuring seamless user experience across all devices.

JavaScript Enhancements:
Optimized JavaScript for smooth, interactive UI functionality.

UI/UX Optimization:
Improved UI/UX design, enhancing navigation and usability.

Dynamic Image Scrolling:
Implemented automated and horizontal scrolling for improved interactivity.

Certifications

- Problem solving through C programming issued by **NPTEL**
- Object oriented programming in java issued by **NPTEL**
- Participated in ISRO's **Satish Dhawan space center** week-2023
- Top finalists at LENDI **HackTraid** season-1
- Finalists at SAP HackFest2024, Coimbatore

Declaration
